

AppScale - Bug #219

Handle situation when external volume is already attached

07/27/2016 06:01 PM - Chris Donati

Status: New	% Done: 0%
Priority: Low	
Assignee:	
Target version: backlog	
Estimated Time:	Deployment type: AppScale - self deployed
Description The infrastructure manager believes that there was an error when attaching an EBS volume that is already attached.	

History

#1 - 08/12/2016 12:46 AM - Graziano Obertelli

- Priority changed from Normal to Low

Lowering the priority, since we already have code to prevent the overwriting of the existing data in place.

#2 - 03/07/2018 05:42 PM - Steven Graham

- Target version set to backlog
